Greetings !

Vacation are the most appropriate time for kids to refresh and rejuvenate themselves, to be creative, to learn new skills and to perform more enthusiastically.

Children have ample of energy which should be channelized in the right direction to get the best out of them. We have designed holiday homework, keeping this in mind. It will build their confidence and new skills.

List of things you can do together:

- Develop the habit of conversing in English at home. In order to enhance the vocabulary of the child develop the habit of reading newspaper to the children.
- Motivate them to do the loud reading of their lessons or to watch English and Hindi news channel.
- Spend quality time with the children. Allow your child to play outdoors and spend at least half an hour a day with your child sharing day to day experiences.
- Ask them to help you in household affairs to let them understand their role in families too.
- Sensitize your children with the knowledge of the outside world and it's environment by watching different informative channels like National Geographic, Discovery, and Animal Planet with them.
- "A healthy mind lives in a healthy body". Avoid heavy and oily food and increase intake of fresh food and water to keep yourself well hydrated and energetic.
- Inculcate the habit of doing Pranayama daily to strengthen the connection between body and mind.
- Make sure they drink plenty of fluids and take protein rich food like milk, cheese, pulses, soybean, nuts etc. to boost up the immunity.

NOTE: Please make sure that your ward will revise all the work done in the month of April and May for all subjects.
