## FOR THE PARENTS

**Dear Parents,**

Vacations offer middle scholars a brilliant chance to explore the world beyond textbooks. At this age, children grow rapidly when they become active gatherers of good ideas, skills, and information. That is the truest form of doing homework!

### **Instructions for the students:**

- Read the newspaper daily together to track current events and build global awareness.
- Have them read school lessons aloud to master perfect pronunciation and crush stage fear.
- Watch English or Hindi news channels together to sharpen listening and thinking skills.
- Flip through old family photo albums and share funny, inspiring stories from your childhood.
- Assign daily home tasks like organizing bookshelves or watering plants to build real-life responsibility.
- Encourage them to start every morning by greeting elders with warmth and respect.
- Beat the heat by swapping heavy, oily foods for fresh fruits, crisp salads, and lots of water.
- Charge up their daily meals with high-protein foods like milk, pulses, soybean, nuts, and cheese.
- Set up a daily digital curfew to keep them moving and protect their sleep.
- Give them a small summer budget for their own snacks to teach basic money management and math.
- Spend a little time daily revising April and May school text books so they return to school ahead of the class.

**Wishing you a productive and enjoyable holiday season!**

**Regards**

**TEAM ROIS**

## STATE : KARNATKA

Karnataka is a beautiful state in southern India known for its technology hubs, historical monuments, forests, and rich culture. Its capital city is Bengaluru, also called the “Silicon Valley of India.” Karnataka is famous for Carnatic music, Yakshagana dance-drama, and delicious foods like bisi bele bath, ragi mudde, and Mysore pak. The state is a leader in information technology, biotechnology, agriculture, tourism, and silk production.
