## FOR THE PARENTS

*“Holidays are not just a break from work; they’re a chance to reconnect—with yourself, with others, and with the world around you.”*

*As we embrace this vacation period, let’s take a moment to Relax, Reflect, and Recharge!!*

D/P

Namaste !

A vacation is a wonderful chance for children to explore the world beyond textbooks. Remember — **nothing is more powerful for their future than being a gatherer of good ideas and information. That’s called doing your homework..**

**“Here’s a list of meaningful activities you can enjoy together as a family.”**

- ❖ **Develop the habit of conversing in English at home.** This will help your child enhance vocabulary and communication skills.
- ❖ **Read newspapers with your children** to expose them to current events and build their general awareness and reading habits.
- ❖ **Encourage children** to read their school lessons aloud regularly to improve pronunciation and confidence. Motivate them to watch English or Hindi news channels to enhance their language fluency and comprehension skills.
- ❖ **Spend quality time together.** Share stories from your childhood, flip through old photo albums, and relive precious memories. These moments strengthen the parent-child bond.
- ❖ **Involve children in household chores.** This not only teaches them responsibility but also helps them understand the importance of their role within the family.
- ❖ **Explore informative TV channels together** such as National Geographic, Discovery, and Animal Planet, to help broaden their understanding of the world and spark curiosity about science, nature, and global cultures.
- ❖ **Promote healthy habits.** A sound mind resides in a healthy body—so avoid heavy, oily food and include more fresh fruits, vegetables, and water in their diet.
- ❖ **Practice simple yoga routines like Surya Namaskar** to promote physical well-being and mindfulness. Encourage them to begin their day by greeting elders with respect and warmth.
- ❖ **Ensure proper hydration and nutrition.** Include protein-rich foods like milk, pulses, soybean, nuts, and cheese in their meals to boost immunity and energy.

### ★ IMPORTANT:

**Please ensure that your child revises all the lessons covered in April and May for all subjects to stay in touch with their academic progress.**

HAPPY VACATIONS!
