FOR THE PARENTS

D/P

Greetings

Vacation is the time for the children to explore their myriad interest and indulge in various activities which would lead to their all-round development.

Summer vacations are here, have a restful summer and enjoy some good books! Hoping your summer includes lots of family time, ice cream, swimming, laughter, and fabulous memories. We wish you all a safe and fun summer! Happy Summer Vacation!

Here are a few tips for parents to act as a facilitator to help your child to balance his/her eagerness in pursuing adventure, creativity and self-expression with the development of responsibility.

1. Tap the talent of your child and let them be creative.
2. Spend at least half an hour a day with your child for sharing experiences about the school.
3. Use holiday homework as an opportunity to spend quality time together. Let your child take the lead and use his/her imagination, creativity and knowledge to do the assigned task.
4. Learning doesn't stop when school is out. This rule came out of desperation.
5. Tell your child different stories regularly and encourage them to describe what they would do in a similar situation. Here are few suggested titles which you can read with your child.
 - a. Lacey-the little mermaid fairy.
 - b. Panchatantra stories.
 - c. The Tale of Two Cities
 - d. Tenali Rama
 - e. Alice in Wonderland
6. Encourage your child to communicate in English. Fix one hour in a day when you communicate with your child only in English.
7. Develop self helpskills : Let your child dress and feed on their own.
8. Maintain proper time table for the child for television watching, & study time etc.
9. Make his/her understand the importance of cleaning his/her room .
10. Take good care of your health and hygiene. Avoid heavy and oily food and increase intake of fresh food and water to keep yourself well hydrated and energetic.
11. Introduce them to fun-filled activity boxes - These activity boxes help the children to nurture their creativity and imagination through art explorations, cooperative games, and challenging tasks.

Conclusion: It may not be easy for the parents to ban their children completely from watching TV or playing games on their phones in one shot. However, they can induce gradual changes by cutting down a few screen hours and introduce the above-mentioned activities to their schedule.

NOTE:

- Please make sure that your ward will revise all the work done in the month of April and May in all the subject.
- Cover the assignments and worksheets shared by the respective subject teachers in the class.

Have a nice time!
